(c) Owner's consent and dedication

We, the undersigned, being the owners and lien holders of the lands herein platted, do hereby voluntarily consent to the execution of the said plat and do dedicate the streets, parks or open space as shown hereon to the public use forever, unless such areas are specifically marked "Private" on the final plat. Easements shown on this plat, unless designated for a specific purpose, are for the construction, operation, maintenance, repair, replacement or removal of water, sewer, gas, electric, telephone, cable television, or other utility lines or services, stormwater disposal and to the free use of said easements or adjacent streets and for providing ingress and egress to the property for said purposes and are to be maintained as such forever. No buildings or other structures may be built within said easements, nor may the easement area be physically altered so as to: 1) reduce clearances of either overhead or underground facilities; 2) impair the land support of said facilities; 3) impair ability to maintain the facilities or 4) create a hazard. The undersigned further agrees that any use of improvements made on this land shall be in conformity with all existing valid zoning, platting, health or other lawful rules and regulations for the benefit of himself or herself and all other subsequent owners or assigns taking title from, under, or through the undersigned.

(1) Private right-of-way maintenance agreement for the Pine View Heights Subdivision and Pine View Heights Phase Two Subdivision.

The owners of Tract 1, Tract 2 and Tract 3 of the Pine View Height Subdivisions shall be responsible for 33 1/3% of the total maintenance cost of the driveway in the private right of way from the terminus of Clinton Street to the common corner and property lines of Tracts 1, 2 and 3. The owners of Tract 1 and 2 shall each be responsible for 50% of the total maintenance cost of the driveway in the private right of way from the common corner of Tracts 1 and 2 to the terminus of said private right of way.

(2) Maintenance will be considered every spring as to whether there are still four inches of aggregate on the driveway, that the drainage is adequate, and whether additional repairs need to be made on the driveway.

(3) In the event of a dispute, all parties and their heirs and assigns agree to have the dispute settled either in a court of proper jurisdiction or by a dispute resolution utilizing Athens area mediation service or a similar impartial organization.

(4) All parties agree that there shall be a minimum depth of four inches of aggregate for the driveway, and that there shall be a minimum of ten feet in width of said aggregate for the driveway.

(5) For further regulations concerning the private right-of-ways, reference is made to the subdivision regulations book in the Athens County Recorder's Office.

(6) Any proposed upgrade of driveway surface from gravel to pavement must be approved by all interested parties to this agreement.

(H) County Engineer's Approval
 Athens County Engineer's Office

Athens County will only accept a dedicated public roadway after it has been built to county standards effective at the time a petition by the adjoining property owners of the subdivider is presented to the Athens County Commissioners. Acceptance of the roadway by the County Commissioners will take place only after the Athens County Engineer has approved construction of the improvements. Approval of this plat in no way constitutes approval of construction of any site improvements. The County Engineer assumes no legal obligation to maintain or repair any open drainage ditches or channels designed as "drainage easements" on this plat. The easement area of each lot and all improvements within it shall be maintained continuously by the lot owner. Within the easements, no structure, planting, fencing, culvert, or other material shall be placed or permitted to remain which may obstruct, retard or divert the flow through the watercourse.
