- Ohio Forest Tax Law American Tree Farm Program
 Environmental Quality Incentives Program (EQIP) CAUV

Property coordinates (report in WGS 84, decimal degrees.)

Longitude: -82.0518 Latitude: 39.2593

Landowner Objectives

1. EMBE Acres provides not only a place where relaxation is possible through massage therapy and embracing the serene country setting but also a fully functional equine facility with boarding available.
2. Maintain a healthy woods by limiting the impact of non-native invasive species identified in the forest landscape.
3. Manage the property in a sustainable manner for future generations.

General Woodland Description

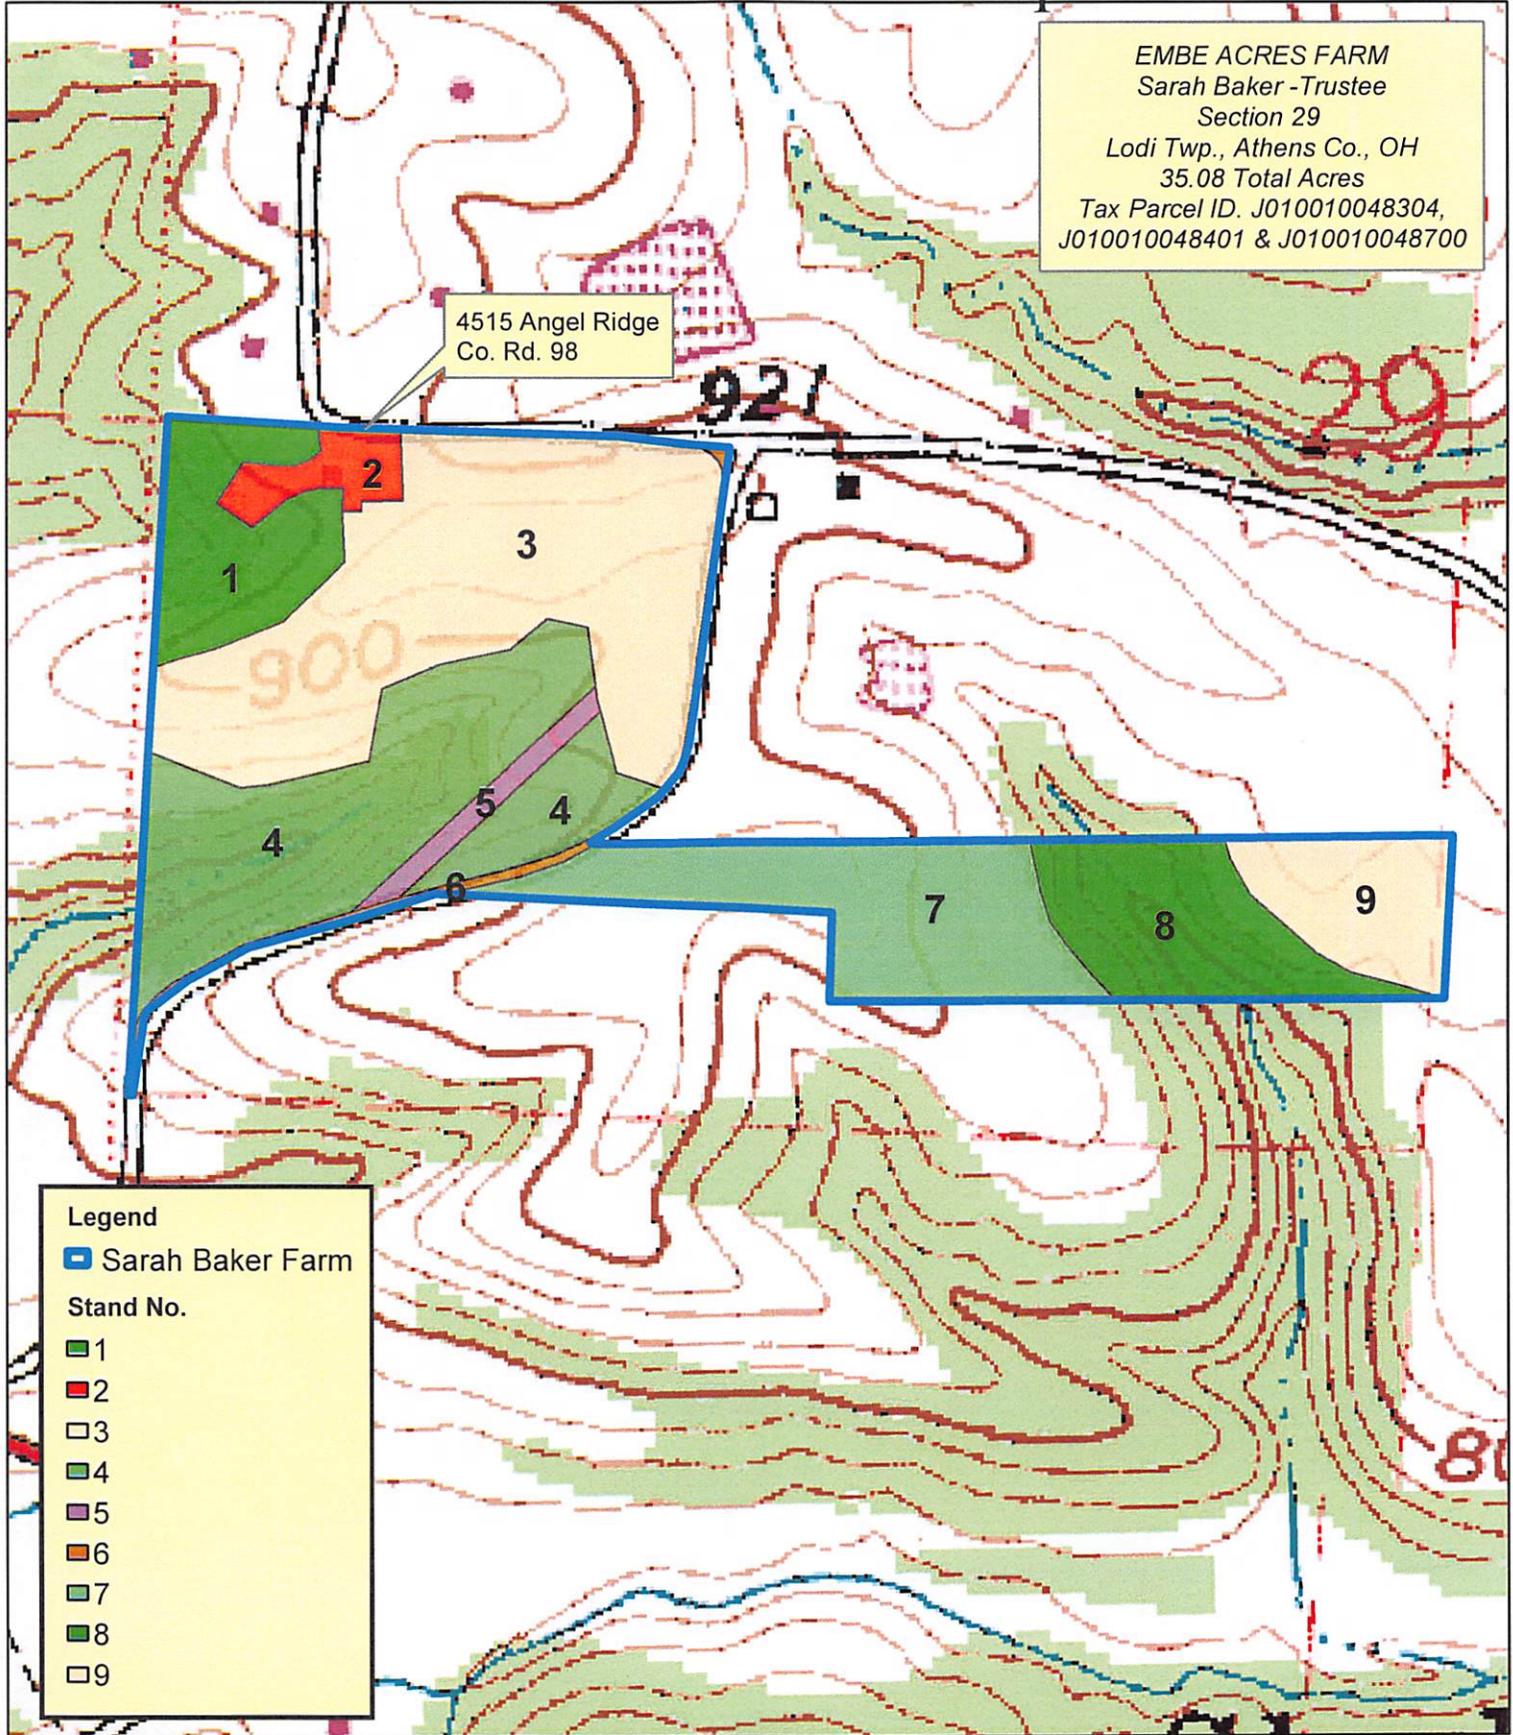

Ms. Baker acquired this farm in July of 2009 and immediately began making improvements to the lands. **EMBE Acres** (a tribute to Mathew Baker, son) is a horse farm "where horses and you are family". The facilities constructed - barns, paddock, indoor riding arena all help facilitate this mission. Forest management plans were developed by ODNR DOF service foresters to help improve the forested areas of this farm. Timber stand improvements are ongoing.

Inventory Method: On Site Property Review
