## Treatment Schedule

Stand	Acres	Year(s)	Priority (1-5)	Activity
All	All	2024 – 2034	Required	Control and removal of all invasive species and detrimental grapevine
1	3.92	2029	2	Control of Red Maple Encroachment
All	All	Life of Plan	Required	Mark and maintain property lines
All	All	10 years from date of Plan	Required	Next site visit – Forest reviews are recommended at least once every 5 years, and plan updates once every 10 years, based upon the date of the last forest evaluation conducted

- *Before entering a timber sale agreement or conducting other forestry work that is not listed in your treatment schedule, contact your forester first to ensure compliance with your approved management plan.*
- *For invasive species control via herbicide application, always follow label instructions – specifically pertaining to site, application timing (season of year), and application method(s).*
- *For a list of companies able to fulfill your recommended forest treatments, please contact us.*
