Woodland Stewardship Management Plan

Brent Hayes *Nisley | Grubbs LLC*
Owner Brent Hayes and Scott Nisley
4091 Hooper Rd
Address 758 West Union Street, Athens, Ohio 45701
Grubbs 740 590 0092
Phone Numbers (cell) (~~Hayes 740-517-4077~~) Nisley (740-590-0033)

Property Location: County Athens Township/Section Rome/33

Parcel Number(s) K010010068400

Woodland Stewardship Acres 100.27

Non-woodland Stewardship Acres 1.5

Total Acres 98.77

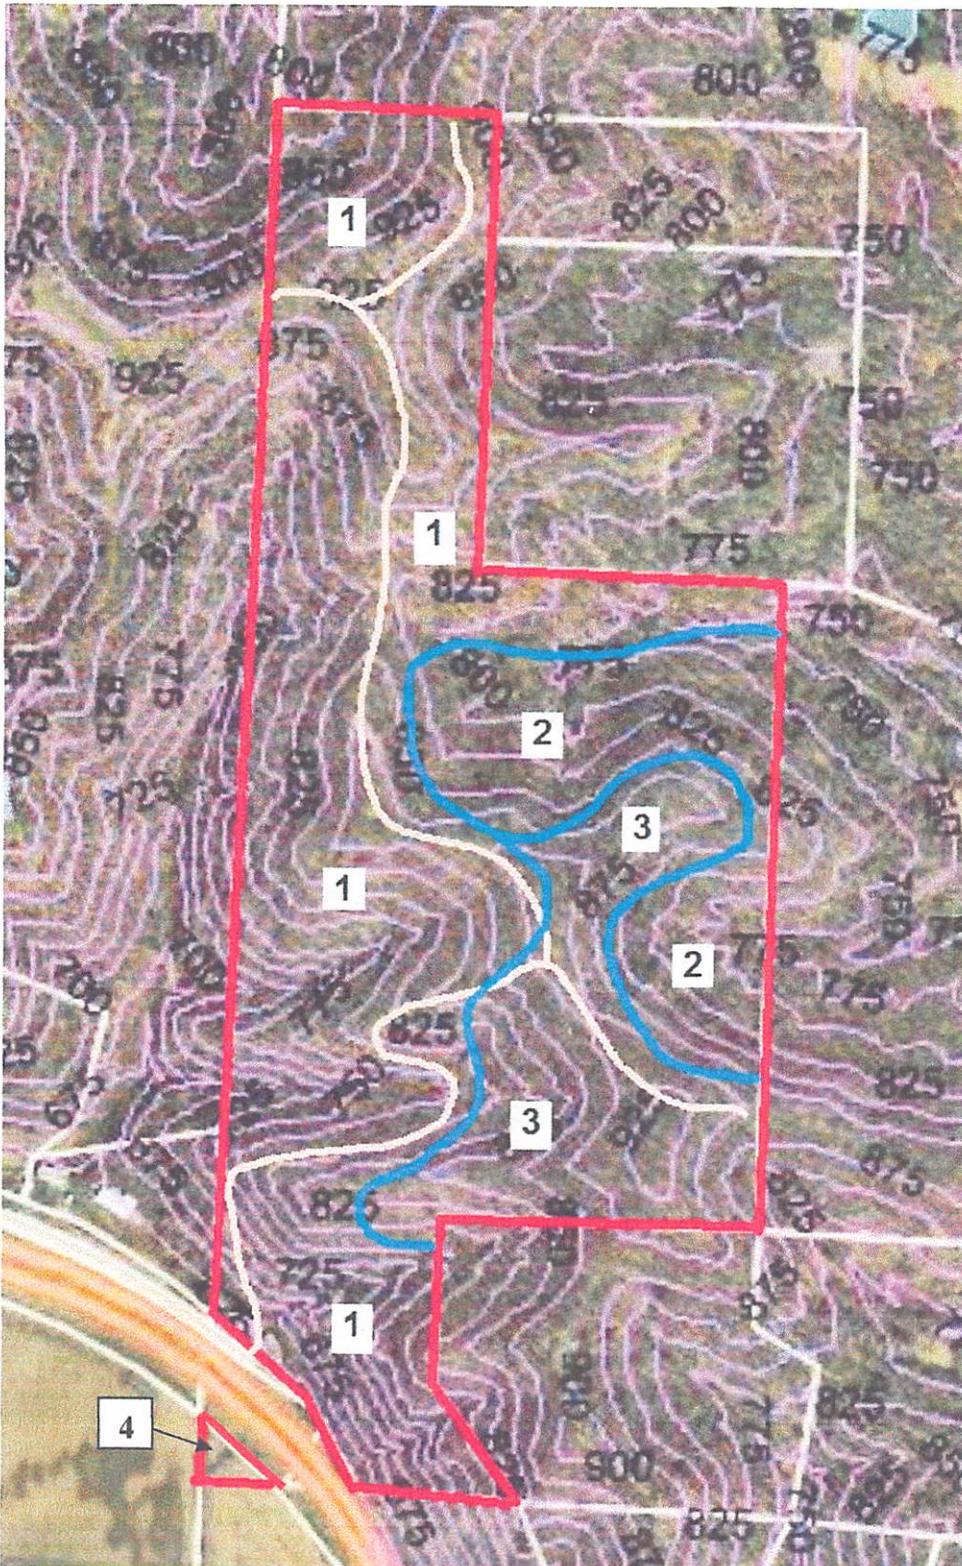

This plan is written to qualify landowner's woodland for the programs checked below

- (X) CAUV (X) American Tree Farm Program (X) Landowner education and guidance
(X) Environmental Quality Incentives Program (EQIP)

Landowner Objectives:

1. Mark all property lines with paint
2. Managed the property for long-term sustainable forest productivity.
3. Manage the forest for health growth and attributes.
4. Generate wood products and income.
5. Utilize wildlife for hunting, watching and appreciation.
6. Manage, utilize and appreciate woodland ecology including native trees, shrubs, understory plants, morel mushrooms, wild flowers, medicinal herbs and native forbs. Consider management techniques (to enhance or maintain) if unusual or valuable herbaceous plant communities or groups are found.
7. Maintain and improve access corridors.
8. Minimize soil erosion and maintain water quality.
9. Identify and manage to discourage invasive species (autumn olive) and treat and control (ailanthus)
10. Hunting is an important factor to the landowner on this property. All management activities should be avoided from the middle of April through the middle of May (spring turkey season) and from early September through the end of January (deer season).
11. While this plan focuses on selective grapevine control to release the trees (where the vines are growing), any competing trees and shrubs inside the drip line that are under the canopy of the same trees should be removed.
