JRayl 

Athens County auditor,

For the past three years that we owned the parcels,
(B010010048300/B010010047500/B010010047501/B010010047502/B010010064300/B010010063907)
we used them to graze our horses. We used our horses to entertain guests at our lodge.

Before I sold the property, I was looking into getting the use of the property switched to Farming for tax purposes. Because of situations out of our control we did not get the property switched to farming.

Thank you,
